WELCOME!

Through the Youth Sponsorship Program, the Youth Center staff can assist your child with transitioning to, (step 1) or from, (step 2) MacDill AFB.

STEP 1: If you are PCSing to MacDill, we have a terrific youth center with awesome programs and youth. We know you will have fun and make a lot of new friends while you are here. MacDill Air Force Base has plenty to offer youth ages 5-18. Our program is affiliated with the Boys and Girls Clubs of America, 4-H, and the National Alliance for Youth Sports, so the sky is the limit on what we offer. We have active Torch and Keystone leadership clubs that are engaged and active in the community.

In addition to our youth center, the base has many recreational opportunities such as:

- Fitness Center
- Bowling Center
- Golf Course
- Arts and Crafts Center
- Library
- Outdoor Recreation has lots of great equipment which may be rented for family fun as well!

Take time to check it out at: tinyurl.com/macyouthcenter

The Student 2 Student Initiative provides transitioning students with:

- Immediate peer credibility
- Positive peer relationships
- Valued information

S2S is a student-led, school managed program which confronts the challenges of transition and provides relevant training that gives students the best possible transition experience.

A team of volunteer students, supervised by a school lead teacher, train inbound and outbound transitioning students on three subject areas: academics, relationships, and finding the way.

For the incoming student, the team provides a forum for students to quickly feel welcomed, comfortable, included and accepted into their new school community.

For the outgoing student, the team assists in helping outbound students better prepare for transitioning to another school.

S2S Program Objective:

To provide a successful transition for all new students who are relocating

S2S Program Purpose:

- To rapidly meet the transitioning students' critical needs
- To quickly bring transitioning students necessary and relevant information from a credible, reliable source: another student
- To immediately establish a peer relationship thereby helping students to gain greater confidence, enhance their comfort level and increase their well-being while they adjust to their new experiences

The goal of the JS2S is to address three key areas:

1. Proper academic placement and connection to extracurricular programs
2. Build relationships with peers and with staff
3. Find the way to adjust to the school campus and how the school operates

The Military Child Education Coalition (MCEC) believes that S2S works because:

- S2S training meets real transitioning needs
- S2S leadership is provided by students
- S2S is timely
- S2S curriculum is based in research conducted by MCEC and validated

Make your first day of school a wonderful experience!

By joining S2S new students will:

- Meet new friends
- Be introduced to someone to talk with while they adjust to the new school
- Get information about how the school campus works and the surrounding community
