Gale Online Resources

Gale's Online Resources enhance the learning experience with current and relevant digital content. These tools feature 160 million full-text articles from leading books, journals, magazines, newspapers and primary sources, multimedia assets including videos, podcasts, tutorials and images, daily updates of new content. Use the password given to you from Library staff when prompted. Resources available through Gale include the following:

**Career Transitions**

Career Transitions from Gale provides job seekers with multi-faceted job searching and related activities for creating resumes and cover letters, as well as applying and preparing for interviews. Users can also explore careers by discovering interests, identifying new opportunities based on work or military experience, exploring growing career paths, including green and new economy jobs, and finding education and training.

**Gale’s Biography In Context**

Biography in Context is an engaging online experience for those seeking contextual information on the world's most influential people. It merges Gale's authoritative reference content (including Lives & Perspectives) with periodicals and multimedia organized into a user-friendly portal experience while also allowing users to search for people based on name, occupation, nationality, ethnicity, birth/death dates and places, or gender as well as keyword and full text.

**Chilton Library**

ChiltonLibrary.com represents the most authoritative automotive repair information available to car owners. There are thousands of year, make and model combinations covering the most popular vehicles of the past 30 years, plus additional coverage of specialty models. ChiltonLibrary.com gives you the confidence to service or repair virtually any system on your vehicle.

**Gale Directory Library**

The Gale Directory Library hosts a variety of directory products that particular libraries can choose from. Use it to search, sort and export information from both current directory editions as well as prior editions that are maintained as searchable backfiles. Multiple directories can be cross-searched or users can mine individual directories for the particular kinds of data they contain, such as financial information for companies, circulation figures for publications, and much more.
Gale Virtual Reference Library

Gale Virtual Reference Library is a database of encyclopedias and specialized reference sources for multidisciplinary research. These reference materials once were accessible only in the library, but now you can access them online from the library or remotely 24/7. Because each library creates its own eBook collection, the content you see may vary if you use the database at different libraries.

Global Issues In Context

Global Issues in Context offers international viewpoints on a broad spectrum of global issues, topics, and current events. Featured are hundreds of continuously updated issue and country portals that bring together a variety of specially selected, highly relevant sources for analysis of these issues. Rich multimedia - including podcasts, video, and interactive graphs enhance each portal. Use Browse Issues and Topics, Country Finder, Basic Search or Advanced Search to explore the database.

National Geographic Virtual Library

As journalism's most trusted name in exploration and discovery, National Geographic Virtual Library (NGVL) supports a range of scholarly research needs in the areas of science, history, technology, the environment, cultures, and more. NGVL brings the National Geographic Society to the library in a cross-searchable platform that fits the way today's students and patrons conduct their research.

Opposing Viewpoints In Context & Opposing Viewpoints Resource Center

Opposing Viewpoints in Context and Opposing Viewpoints Resource Center (OVRC) is for those seeking contextual information and opinions on hundreds of today's hottest social issues. Drawing on the acclaimed Greenhaven Press series, the solution features continuously updated viewpoints, topic overviews, full-text magazines, academic journals, news articles, primary source documents, statistics, images, videos, audio files, podcasts, and links to vetted websites organized into a user-friendly portal experience.

Gale's Research In Context

Created specifically for middle-schoolers, Research in Context combines the best of Gale's reference content with age-appropriate videos, newspapers, magazines, primary sources, and much more. Students will find outstanding support to complete assignments in core subjects including literature, science, social studies, and history.
Gale’s Science In Context

Science in Context is an engaging online experience for those seeking contextual information on hundreds of today's most significant science topics. The solution merges Gale's authoritative and continuously updated reference content with full-text magazines, academic journals, news articles, experiments, images, videos, audio files and links to websites organized into a user-friendly portal experience.

Gale’s InfoTrac Student Edition

InfoTrac Student Edition provides high school students with access to magazines, newspapers, books, and other reference content. The database offers audience-appropriate information on current events, the arts, science, popular culture, health, people, government, history, sports, and more.

Gale’s Student Resources In Context

Student Resources In Context is for those seeking contextual information on a wide array of subjects. Access continuously updated reference content using this database.
