BAY PALMS GOLF COMPLEX

APRIL 2023

COURSE UPDATE

Both courses are seeing the effects of the warm temps, high winds and no rain. The North Course fairways and tee boxes are in better shape due to the fact we can water throughout the day without affecting play. The South is getting all the water we can put on it at night but during the day the volume of players does not allow us to water. Bill is doing all he can to direct Sean, our irrigation tech, to water as much as we can. If you have played the North lately you will notice that Bill and his crew sodded #4 green and started filling in the bunkers with sod. Eventually all bunkers will be sodded. This will cut some cost and manpower on bunker maintenance.

PROSHOP
