**SUBJECT: Expired Uniformed Services Identification Card Guidelines**

1. In accordance with Defense Manpower Data Center guidance, Uniformed Services Identification Cards (USIDs) that expired between January 1, 2020 and Jul 31, 2021, will remain valid through:
  - a. August 31, 2021 for all Foreign Affiliates and their dependents
  - b. October 31, 2021 for dependents of Active Duty Uniformed Service members, and for Reserve and National Guard Uniformed Service members and their dependents
  - c. January 31, 2022 for Retirees and their dependents, and all other populations
2. TRICARE will accept claims regardless of the expiration date on the card. TRICARE coverage periods are based upon the date of separation in DEERS, which means a lapse in coverage should not occur.
3. For members with expired cards, the Military Personnel Flight recommends keeping this memorandum to assist in communicating this DoD policy exception to health care providers, commissary, and other interested parties as needed.
4. This exception does not apply to Common Access Cards (CACs) or dependent children turning age 21. If your child is attending college full-time, contact your local ID card issuance site. For secondary dependency information for incapacitated children, visit DFAS website at <https://www.dfas.mil/> or call Air Force Secondary Dependency (317) 212-8049.
