### *TREK through the Heart of the Sea!*

Take an aquatic adventure with SeaTREK, a guided underwater walking tour! Designed for non-divers 10 years of age or older, SeaTREK takes place in our 15-foot deep "Heart of the Sea" habitat where participants can explore coral caves alongside hundreds of fish, spotted eagle rays, bonnethead sharks, and a loggerhead sea turtle! With no swimming involved, this exciting underwater opportunity allows people from all walks of life (even those not well acquainted with water) access to the wonders of the aquatic world.

This is an all day trip. We will depart from the FamCamp building at 9am. You will be assigned a dive time, the day of the trip. Purchase includes full access to the aquarium for the day. While you are waiting on your dive time to dive you are welcome to explore the other exhibits at the aquarium. The SeaTREK experience is approximately one hour long, beginning with a training and safety debrief followed by approximately 20 minutes under water.

Bring a swimsuit, towel, and shower items. All underwater gear will be provided, including a wetsuit. Locker rooms with showers will be available before and after your program. Lockers are also available to store your personal items. If you choose, you may bring a small underwater camera, however, it must remain tethered to the body at all times. Flash and strobe lights are strictly prohibited. Otherwise, no personal equipment is permitted in the habitat for the health and safety of the animals. The Florida Aquarium's SeaTREK guides have the right to deny use of a camera at their sole discretion to ensure the safety the animals and other participants.
